

Additional information and application guidelines concerning other waste management fee discounts pursuant to chapter 10 section 4 subsection 4 of the Act on Environmental Protection in Maritime Transport

5% discount on the waste management fee for short sea shipping vessels

The discount on the waste management fee for short sea shipping vessels is based on the vessel providing proof that they discharged their type of waste subject to the waste management fee at any port within the last 48 hours.

5% discount on the waste management fee for especially environmentally friendly on-board waste management

The discount is based on equipment or methods used on the vessels due to which they produce reduced quantities of waste, and manage it in a sustainable and environmentally sound manner.

The requirements for the discount are:

either:

1. On-board segregation in accordance with Resolution MEPC.295(71) and ensured delivery to adequate port reception facilities that comply with Article 4(2)(d) of Directive (EU) 2019/883.

To qualify for the discount, the vessel must present one of the following means of verification:

Green Award, ISO 21070, Blue Angel, Green Marine, Waste Delivery Receipt, Vessel Specific Garbage Management Plan approved by vessel's classification society, ISO 14001 Environmental Management System.

or:

2. Environmentally sustainable purchasing policies (reduction of packaging materials such as bulk packaging and avoiding single use plastic)

To qualify for the discount, the vessel must present one of the following means of verification:

Green Award, ISO 21070, Blue Angel, Green Marine, Vessel Specific Garbage Management Plan approved by vessel's classification society, ISO 14001 Environmental Management System.
